WHAT IS A PATENT?

V.Ryan © 2009 World Association of Technology Teachers

1. What is the purpose of a patent?

2. List four types of inventions, for which you can apply for a patent.

3. When applying for a patent, why is it important to make separate patent applications for each country?

Patent Infringement is the legal term, used when someone or a company breaks the law, by using the invention / discovery belonging to someone else, without permission.

4. Use the internet to research the term 'Patent Applied For'. In the space below explain what it means.

Use the internet to research the term 'Patent Infringement'. In the space below write about a real life case of Patent Infringement.
