ORGANISATION - FIRE DRILL / PRACTICE

Being organised will help you produce better classwork and homework. However, there are many more reasons to be organised. One very important time to show how well organised you are is during a fire practice/drill.

Schools often have many hundreds people in them and many would be in danger if a fire was to take place.

1. What do you think would happen in a real, dangerous fire if staff and pupils never practised fire drill?

2. What should you do in the event of a fire?

3. Draw a simple map / diagram of the school and draw a cross where you are located at this moment.

4. Add a path/line showing the route you should take if you asked to go to the assembly area.

5. Why is it important to line up quickly and safely in the assembly area?
