SAFETY - BRAZING

V.Ryan © 2009 World Association of Technology Teachers

1. The brazing hearth is a dangerous piece of equipment, if used recklessly. Complete the list of safety instructions started below. These are standard instructions that are followed when the brazing hearth is used correctly by a sensible / competent person.

When using the brazing hearth always;

A. Face the brazing hearth.

B. _____

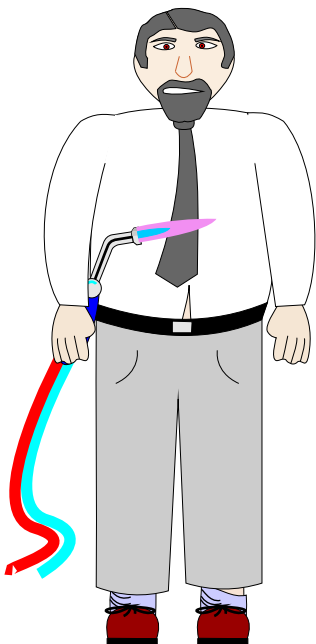

C. _____

D. _____

E. _____

F. _____

G. _____

2. Explain why the person shown opposite is ill-prepared for using the brazing hearth. You can include in your answer a description of how he should be dressed when using this dangerous piece of equipment.

3. Why are fire bricks often used when the brazing hearth is in operation?

3. Occasionally it is necessary to rearrange the fire bricks on a brazing hearth. Why should great care be taken when moving the bricks?
