# IDENTIFYING ELECTRONIC COMPONENTS

V.Ryan © 2009 World Association of Technology Teachers

**HELPFUL LINK:** <https://technologystudent.com/elec1/stelan1.htm>

Below are a number of common electronic components you are likely to use when making circuits. Underneath each component write the correct name.

- TRANSISTOR    RESISTOR    SLIDE SWITCH    LIGHT DEPENDENT RESISTOR  
PUSH SWITCH    ROCKER SWITCH    PRESET RESISTOR<sup>(LDR)</sup>    MOTOR  
BATTERY SNAP    LIGHT EMITTING DIODE (LED)    INTEGRATED CIRCUIT (IC)    BATTERY  
MICRO-SWITCH    CONNECTOR    TOGGLE SWITCH
