The 'Eye Drop Symbol Exercise' can be printed and used by teachers and students. It is recommended that you view the website section 'Graphics' (www.technologystudent.com) before attempting the design sheet .

THESE MATERIALS CAN BE PRINTED AND USED BY TEACHERS AND STUDENTS.
THEY MUST NOT BE EDITED IN ANY WAY OR PLACED ON ANY OTHER MEDIA INCLUDING WEB SITES AND INTRANETS.
NOT FOR COMMERCIAL USE.
THIS WORK IS PROTECTED BY COPYRIGHT LAW.
IT IS ILLEGAL TO DISPLAY THIS WORK ON ANY WEBSITE/MEDIA STORAGE OTHER THAN www.technologystudent.com

The bar code seen opposite is found on the packaging for the eye drops. It is plain and not particularly imaginative. The bar code could be improved by adding images and an example is seen below.

IMPROVED BAR CODE

V. Ryan © 2008 World Association of Technology Teachers

Draw an improved version of the original, plain bar code by adding an appropriate image or images. The box marks the outer limits of your design. The image/images must not cover the bar code in any way as this would render it useless at the checkout.

YOUR BAR CODE

Describe one feature of your design that makes it more interesting than the improved bar code seen above.

Why are bar codes useful to shops and supermarkets?
