ARCHITECTURAL DESIGN TASK

V.Ryan © 2008 World Association of Technology Teachers

You are to design the arrangement of furniture, fixtures and fittings of a typical detached house. The house has two floors with the dining room, kitchen etc... downstairs and the bedrooms and bathroom upstairs.

Look at the sample key. This shows how a variety of furniture, fixtures and fittings look from a plan view (birds eye view). You can use examples from the key or develop your own designs. Think carefully about the furniture, fixtures and fittings and their style.

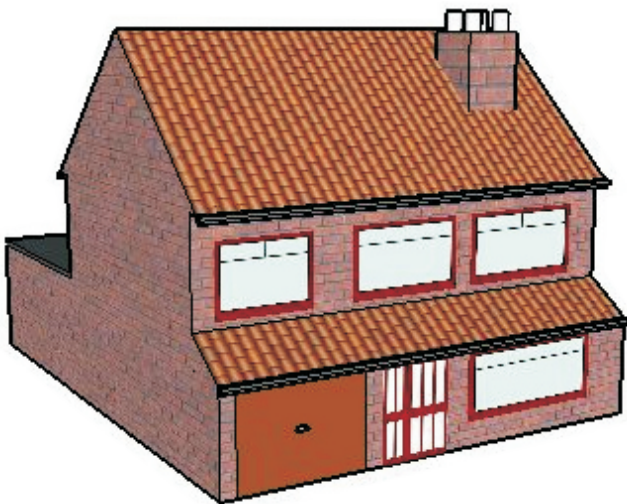

Keep in mind that there are certain pieces of furniture, fixtures and fittings that are essential in any house. List below some that you think are essential.
