This exercise can be printed and used by teachers and students. It is recommended that you view the website (www.technologystudent.com) before attempting the design sheet .

CONE - DEVELOPMENT / NET - TEMPLATE

Design the packaging to a product of your choice, using the cone development / net on this sheet.

You will need to:

1. Select a product and create a suitable name. You may want to create a new product. Add the name to the net in a style of writing that suits the product.
2. Add pictures / images. These may be scenes or pictures of the product.
3. Add a logo / symbol that represents the company manufacturing the product. E.g. Cadburys or Kelloggs etc...
4. Add a safety symbol such as the British Standards or European Standards symbols.
5. Add a bar code.
6. Add a list / table of ingredients. You may need access to the internet OR use an old wrapper of a similar product, to collect the information.
7. Add a manufacturers address and consumer services information.
8. Add use by date.
9. Apply a suitable colour scheme.
