EXAMINATION QUESTION

V.Ryan © 2009 World Association of Technology Teachers

A packaging manufacturer for Children's Party Packs has carried out research into the most popular types / styles of gifts given to guests. One hundred young children (6 years to 12 years of age) were asked a simple question - *which of the following types of music is your favourite?*

1. Why is it important to this question?

2. Why is it important to ask such a wide age group the same question?

PICTOGRAM

3a. On the scale to the left draw a simple bar chart to represent the figures from the table of results. Do not add colour.

3b. On the scale to the right draw a pictogram to represent the same figures from the table of results. Use images / symbols / drawings to represent each drink. Add appropriate colour and shade.
