# RECYCLING QUESTIONS - 5

V.Ryan © 2009 World Association of Technology Teachers

The containers below are used to store milk. For each container:

Name the material from which it is manufactured. Describe an advantage of the container. Describe a disadvantage of the container.

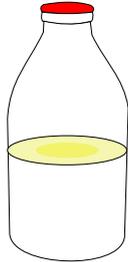

**A**

**B**

**C**

CONSIDER:

- Can it be resealed to keep the contents fresh?
- Can the package be recycled?
- The space needed for storage.
- The weight of the container with its contents.
- Resistance to knocks/damage.
- Shape of the container - related to storage and transport.
- Material used to make the container - environmentally friendly?
