

Print out the base unit of the self assembly decoration and enlarge to A3 size using quality card, cutout the shape and assemble it.

Then make a series of cards with letters / numbers, raw in a suitable party style.

Assemble the unit together with the lettered cards you have designed.

MODEL EVALUATION - FOCUS GROUP DISCUSSION

Group / team work is an important activity, for any business and when designing a product. Working together, and discussing design problems, often leads to potential solutions.

Study the design in the centre of the hexagon.

Each member of the group, is to write a sentence on at least two of the 'Points to Consider and Discuss' listed below.

When each member of the team has written their comments - discuss them.

DISCUSS - How could the design be improved?

POINTS TO CONSIDER AND DISCUSS

- Ergonomics
- Aesthetics / style
- Materials
- Features and functions
- Inclusivity
- Economic viability
- Marketability
- Size
- Weight
- Safety
- Construction processes
- Cost
- Sustainability / environmental factors
