## **Design Brief**

A manufacturer of trolley systems has asked you to produce a range of designs for a gardening trolley, aimed specifically at helping elderly gardeners in the movement and selection of gardening tools and equipment.

You must produce five ideas for the gardening trolley, clearly indicating how each will help an elderly person in the pursuit of his / her hobby, gardening. ADD NOTES TO EXPLAIN YOUR IDEA.

Your designs should clearly show how tools and equipment are held in position and how they can be removed when required.

Below is the selection of tools that your gardening trolley should hold / store (add more as required).
