Give one existing design for a 'remote control organiser', to each pupil within a group. The teacher may decide to ensure that each member of the group, has a different design to the previous exercise. Then, one at a time, each pupil places their picture in the centre of the discussion sheet.

Groups of pupils are to discuss each remote organiser, using the key phrases / words at the side of the page, as a guide for discussion.

# GROUP WORK / TEAM WORK

Group / team work is an important activity, for any business and when designing and analysing a product. Working together, and discussing design problems, often leads to potential solutions.

Place one of the existing designs in the centre of the page

Each member of the group, is to write a sentence on at least two of the 'Points to Consider and Discuss' listed below.

When each member of the team has written their comments - discuss them.
