The 'Perspective Exercise' can be printed and used by teachers and students. It is recommended that you view the website section 'Graphics' (www.technologystudent.com) before attempting the design sheet .

SINGLE POINT PERSPECTIVE

Incomplete 'single point perspective' drawings of cubes are shown below. The vanishing point for each of the cubes is clearly marked. Add faint guidelines and complete the cubes. Use the a coloured pencil to shade the sides of each cube. Use three tones of shade for each cube (three tone shading technique).
