# GROUP WORK / TEAM WORK

Group / team work is an important activity, for any business and when designing a product. Working together, and discussing design problems, often leads to potential solutions.

Study the design in the centre of the hexagon.

Each member of the group, is to write a sentence on at least two of the 'Points to Consider and Discuss' listed below.

When each member of the team has written their comments - discuss them.

POINTS TO CONSIDER AND DISCUSS

Ergonomics ☐

Aesthetics / style ☐

Materials ☐

Features and functions ☐

Inclusivity ☐

Economic viability ☐

Marketability ☐

Size ☐

Weight ☐

Safety ☐

Construction processes ☐

Cost ☐

Sustainability / environmental factors ☐

DISCUSS - How could the design be improved?

PLACE HERE - THE IMAGE A TOY, THAT YOU HAVE FOUND ON THE INTERNET OR THROUGH OTHER RESEARCH
