PACKAGING QUESTION

A prototype of the packaging designed for the learning clock is seen below. The card clock fits into part 'B'. Part 'B' then fits inside the base (part 'C'). Part 'A' is the decorative lid.

The incomplete net / development for the lid is shown below. Complete the net.

Name a suitable material for the packaging:
Explain why your chosen material is the most suitable.
What are the advantages/disadvantages of using this type of packaging for disposable packaging?.
